

PSC Series Straight Paper Caps for Flared Tube Fittings

Manufactured from “environmentally friendly” natural paper formulated from a blend of 90% virgin pulp and 10% post-consumer recycled paper. They are 100% recyclable. These closures will withstand intermittent temperatures up to 400°F (204°C), making them ideal for high-temperature applications which may degrade typical plastic caps.

Material: 90 lb. Paperboard **Color:** Brown

Caplug No.	Dimensions							Packaging	
	Flared Tube Fitting Inches	Tube O.D.		A		B		Carton Quantity	Mini Pak Quantity
		In	mm	In	mm	In	mm
